Who is this cover designed for?

Summary	Description
<p>For many of us, our mobile phone is much more than a device for making calls. It means you can stay in contact wherever you are, it stores valuable memories and so much more.</p> <p>We would advise that you regularly back up the contents of your phone as we are unable to retrieve or provide cover for anything stored on your phone.</p>	<p>This policy is designed for when you have a mobile phone and you want to cover the cost of repairing or replacing your mobile phone against loss, theft, damage and breakdown, subject to an excess payment by you for every accepted claim. You should consider this £75 excess to judge whether this policy is suitable for you.</p> <p>You should consider any other insurance policies you have when deciding if this policy is suitable for you. Please be aware that if your phone is already covered under another policy you cannot make a claim on both policies for one incident.</p>
<p>It is important to note that mobile phone insurance is offered on the understanding that you will take care of your mobile phone.</p>	<p>Having insurance does not mean that you can take risks with your mobile phone, which you would not take if your mobile phone was not insured, as doing so may result in your claim being declined. Further details can be found in the section 'What you are NOT covered for'.</p>
<p>We do understand that every claim can be quite different and we will make every effort to take this into consideration when we review a claim.</p>

What you are NOT covered for

Summary	Description
Excess.	You need to pay a contribution of £75 every time you make a successful claim. This is the excess. Your excess is payable for every accepted claim and must be paid before your claim will be settled.
Loss, theft, damage or breakdown as a result of not taking care of your mobile phone.	<p>We know how important your mobile phone is to you and we expect that you will take care of it. If you don't take care of your mobile phone then we may not pay your claim.</p> <p>Taking care of your mobile phone means:</p> <ul style="list-style-type: none"> • Not knowingly leaving your mobile phone somewhere it is likely to be lost, stolen or damaged. (Just think, would you leave your wallet or purse there?) • If you need to leave your mobile phone somewhere then we expect you to lock it away out of sight if at all possible. If you cannot lock it away then you must leave it with someone you trust or concealed out of sight in a safe place • Making reasonable enquiries to find your phone if you think you have lost it. <p>If you knowingly leave your mobile phone where others can see it but you cannot and your mobile phone is then lost or stolen, we may not pay your claim.</p> <p>We will always take into account where you are and what you are doing when we assess whether you have taken care of your phone. If we believe you have not taken care of your mobile phone, and have knowingly taken a risk with it, we may decline your claim.</p> <p>If you knowingly leave your mobile phone somewhere you can't see it but others can, we may decline your claim for not taking care of it, for example:</p> <ul style="list-style-type: none"> • In a cafe or pub, you leave your mobile phone on the table when you go to the bar instead of taking it with you • Leaving your mobile phone on display in your car • Leaving your mobile phone in the care of someone you don't know well • If you are at the gym and you leave your mobile phone on a bench in the changing rooms rather than taking it with you or locking it in a locker • Intentionally damaging your phone. <p>All of these examples increase the risk of it being lost, stolen or damaged and may result in your claim being declined. The examples are to help you understand what's covered and are not the only reasons a claim could be rejected.</p>
Cosmetic damage.	<p>We only cover damage if it stops the normal functioning of your mobile phone. If it is just a scratch or dent and your mobile phone still works as expected, then we will not repair or replace it.</p> <p>We know scratches and scrapes to your mobile phone aren't nice but we are here to fix your mobile phone when it isn't working, so if it still functions as you would expect then we can't help. For example, a scratched screen would not be covered but a cracked screen would be covered.</p>
Contents of your mobile phone.	<p>We only cover the mobile phone, we don't cover the contents. This means that any pictures, software, downloads, apps, music or any other content is not covered by this policy – so make sure you back it up regularly. This also means that if any of the data or information stored on your phone is used to access any existing accounts or opening new accounts through fraud, we do not cover any financial losses as a result of these acts.</p> <p>There are lots of ways to back up the contents of your mobile phone and we suggest you do this regularly. If you have a claim and you lose your mobile phone's contents as a result, you can download it on to your new mobile phone and be up and running again in no time.</p>

What you are NOT covered for (continued)

Summary	Description
More than two accepted claims in any 12 months (per account holder).	<p>We insure your mobile phone for up to two accepted claims in any 12-month period. If you make two accepted claims in any 12-month period, your insurance will continue but you will not be able to make claims for any further incidents that happen before the anniversary of the first claim. This is applicable for each account holder separately.</p> <p>For example, if you make a claim on 1 January and another on 1 May, you will not be able to make any further claims against this policy for incidents that happen prior to 1 January of the following year.</p>
Other losses.	<p>Any cost or losses that can't be resolved by the repair or replacement of your mobile phone.</p> <p>We don't cover any loss of profit, opportunity, goodwill or other similar losses. We just cover the mobile phone, unauthorised network charges and accessories.</p>
Any device that is not a mobile phone.	<p>This policy is only for mobile phones, SIM cards and accessories. This means we only cover devices that are designed to make mobile phone calls.</p> <p>This policy isn't for tablet computers.</p>
Modifications.	<p>If your mobile phone has been modified in any way we will only replace the mobile phone, we do not cover the modifications that have been made.</p> <p>Modifications are anything that changes the way your mobile phone looks or operates from the original specifications. This includes things like adding gems, precious metals or making software changes such as unlocking your mobile phone from a network.</p>
Counterfeit Mobile Phones.	<p>We do not cover any mobile phones that are manufactured in a way to resemble mobile phones made by another company in breach of any copyright laws, or mobile phones that are created by using parts from a number of different phones.</p> <p>Where we receive a claim for any mobile phones that fall into this category we will return the mobile phone to you unrepai red and the claim will be declined.</p>
Mobile phones passed into the care of a business or individual for the purpose of providing a service.	<p>Where your mobile phone is passed to a business or individual for them to provide a service, they are solely responsible for the safety of your mobile phone and are not covered under the terms of this policy. You must therefore be satisfied that your mobile phone is suitably covered for any theft, loss or damage that may occur while in their care. For example:</p> <ul style="list-style-type: none"> • Delivery service such as a postal or courier service • Mobile phone customisation service • Mobile phone repair service.
Losses incurred as a result of the sale of your mobile phone.	<p>We do not cover any loss of your mobile phone or any loss of money expected from any transaction, from the sale or trade your device. This is because the mobile phone will have been actively passed to an individual or business and, therefore, no loss or theft has taken place. We therefore recommend you take precautions if you sell your mobile phone, such as;</p> <ul style="list-style-type: none"> • waiting for payment (including waiting for cheques to clear before releasing your mobile phone, • using a secure payment service, • not accepting cash payments from people you don't know (who could be using forged banknotes), and; • ensuring your mobile phone is sent using a reliable and suitably insured delivery service.

Actions you will need to take on loss, theft, breakdown or damage to your mobile phone

Summary	Description
Tell your airtime provider if your mobile phone is lost or stolen as soon as you can.	<p>As detailed in 'The cover you receive' section, we only pay for unauthorised network charges from the point your mobile phone is lost or stolen and for up to 24 hours after you discover the loss or theft.</p> <p>If you don't tell your airtime provider within 24 hours you will be responsible for any further charges.</p> <p>If you make a claim for unauthorised network charges you will need to provide either the monthly mobile phone bill, showing the charges, and the bill for the month prior to the unauthorised network charges, or proof of your mobile phone's balance prior to the theft or loss.</p>
If your mobile phone is lost or stolen report it to the police.	<p>Tell the police about any lost or stolen mobile phone as soon as you can as it may have been recovered; we will ask you to provide the police reference number before we will pay any claim for theft.</p> <p>If you have difficulty reporting your incident to the police please contact us and we can help to guide you.</p>
Report your claim to us as soon as you can.	<p>Tell us about a claim as soon as you can. We expect you to tell us about any claim as soon as possible after discovery of the loss, theft, breakdown or damage.</p> <p>If you don't do this we will still consider your claim, however, it makes it difficult for us to investigate your claim, recover your mobile phone if it is lost or stolen, or stop any further damage to your mobile phone.</p> <p>You can log your claim online or by telephone.</p>
Report any loss or theft to the place you believe it has been lost or stolen from.	<p>We expect you to report your mobile phone as lost or stolen to the place it was lost or you think it has been stolen from.</p> <p>Often mobile phones are found and handed in to the place they were found. We expect you to report the loss or theft of your mobile phone to the place where you think it was lost or is most likely to be handed back to. We may ask you to provide the details of where your handset was lost or stolen from and actions you have taken to try to recover it.</p>
Proof of ownership.	<p>We need to know that the mobile phone, SIM card and accessories you are claiming for are yours. Therefore, you will need to provide some form of proof of ownership.</p> <p>You will need to be able to tell us the make and model of your mobile phone. We may ask to see something that tells us that the items you are claiming for belong to you and confirms the make, model, memory size and IMEI number of your mobile phone. The IMEI number is the unique serial number for your mobile phone. You can find it by inputting *#06# into your mobile phone. It should also be noted on the documentation that came with your mobile phone when you purchased it. Your airtime provider may also be able to provide it to you. Proof of ownership could include a till receipt or documentation from your airtime provider. If you don't have any proof of ownership we may decline your claim.</p>

How to make a claim

Summary	Description
Step one:	Please make sure you have read the 'Actions you will need to take on loss, theft, breakdown or damage to your mobile phone' section as this tells you what we may need from you in order to settle your claim.
Step two:	You should tell us about your claim as soon as you can after discovering the incident. You can do this by calling 0344 249 9981 .
Step three:	We will walk you through the simple claims process and tell you what information you will need to provide for us to assess your claim.
Step four:	You will need to pay your excess for every accepted claim. Your excess can be paid by Visa, Mastercard and debit cards (we do not accept American Express or Diners Club cards).
Step five:	We will either repair your mobile or send you a replacement. Following a successful claim for the loss or theft of your device we will blacklist the handset in order to prevent it from being used. It is still important for you to bar your SIM card with the network as soon as possible. If you are sending your damaged device to us for repair you must remove any locking mechanism (e.g., Find My iPhone) before we receive it. If this is not done it will delay your claim and your mobile device may be returned to you unrepaired in order to remove any locking mechanism. We will not be able to complete a claim until we can confirm the security features have been removed.

What you need to know about the claims process

- Repairs may be made using readily available parts, or we may provide refurbished products, which may contain parts which are of similar or equivalent specification, and which may include unbranded parts. This policy is provided in addition to any manufacturer's warranty that applies to your mobile phone (applicable manufacturer's warranty). Nothing in this policy is intended to affect your rights under the applicable manufacturer's warranty or your statutory rights. If any repairs authorised by us under this policy invalidate the applicable manufacturer's warranty, we will repair or replace your mobile phone, as necessary, in accordance with the terms of the applicable manufacturer's warranty for the unexpired period of the applicable manufacturer's warranty.
- If we are unable to replace your phone with the same make and model, we will contact you to discuss an alternative claim settlement.
- This is not 'new for old' insurance, and replacement devices will come from fully refurbished stock (not brand new). Before we send any devices to settle a claim, we undertake a comprehensive checking process to ensure they are in full working order. All devices will come with a 1-year warranty. We will attempt to replace your device with one of the same colour but we can't guarantee to do this or replace any limited or special edition device.

Mobile Phone Insurance

- When sending in your mobile phone for repair please **DO NOT** send in your SIM or memory card, any other accessories or any other items that do not relate to the repair such as the manual or box as these will be destroyed at the repair centre. We are unable to recover and return these items.
- When your mobile phone is received at the repair centre all remaining data will be erased as part of the repair process.
- Once we have settled your claim, the original phone will become our property. Where a lost or stolen phone is recovered you may keep the replacement phone we provided you with, but the recovered phone must be returned to us. Our fraud team works tirelessly to prevent and detect fraud. We, and other organisations, may access and use the information recorded by fraud prevention agencies, from both the UK and other countries.

It is important that when applying for insurance, or submitting a claim, you or anyone acting on your behalf must take

- Not honour the claim and we will cancel your policy
- Report you to the relevant authorities and take legal action, if necessary, to recover any money already paid to you under the insurance policy
- If an excess has been paid this will not be returned, this is not a penalty, this is to cover administration costs
- Pass the details onto your bank or our distribution partner providing this service as part of a wider offering
- Put the details of the fraudulent claim onto a Register of Claims through which insurers share information to prevent fraudulent claims. A list of participants and the name and address of the operator are available on request
- Pass the details to fraud prevention agencies. Law enforcement agencies may access and use this information. We and other organisations may also access and use this information to prevent fraud and money laundering, for example, when:
 - Checking details on applications for credit and credit-related accounts or facilities
 - Managing credit and credit-related accounts or facilities
 - Recovering debt
 - Checking details on proposals and claims for all types of insurance
 - Checking details of job applicants and employees.

We and other organisations may access and use from other countries the information recorded by fraud prevention agencies. Please contact us at **0344 249 9981** if you want to receive details of the relevant fraud prevention agencies.
