How we use your personal information

Please read this privacy notice to understand how we use and protect the information you provide to us. Your information will be held by The Co-operative Bank p.l.c., also trading as smile, Britannia and Platform (and known as “the Bank”).

We will always ensure your information remains safe and secure. Please go to [co-operativebank.co.uk/global/thirdparties](https://www.co-operativebank.co.uk/global/thirdparties) to see our supplier register.

5. Using your information to help prevent terrorism and crime

The government also requires us to screen applications which are made to us, to ensure we are complying with the international fight against terrorism and other criminal activities. As a result of this, we will need to disclose information to government bodies.

6. Sharing your information to assist with asset buying and selling

We may in the future wish to sell, transfer or merge part or all of our business or assets, or any associated rights or interests, or to acquire a business or enter into a merger. If so, we will disclose your personal information to a potential buyer, transferee, or merger partner or seller and their advisers, so long as they agree to keep the information confidential and to use it only to consider the possible transaction.

7. Sharing your information with credit card providers

8. Sharing your personal information between first and second charge lenders

If you have a secured loan or mortgage with us, we will need to share information with other lenders who also hold a charge on your property. Please go to [co-operativebank.co.uk/global/thirdparties](https://www.co-operativebank.co.uk/global/thirdparties) to see our supplier register.

9. Sharing information between joint applicants

When you open a joint account or product, this will mean your personal information will be shared with the other applicant. For example, transactions made by you will be seen by your joint account holder and vice-versa.

10. How we share your personal information with and use credit reference agencies

Credit Reference Agencies (CRAs) collect and maintain information about consumers' and businesses' credit behaviour. This includes Electoral Register, fraud prevention, and credit information – including details of previous applications and the conduct of your accounts – and public information such as County Court Judgments, Decrees and Bankruptcies.

The information we and other organisations provide to CRAs about you, your financial associates and your business (if you have one) will be provided to other organisations and used by them and us to:

- 10.1. Help make decisions, for example when:
 - 10.1.1. Checking details on applications for credit and credit-related or other facilities;
 - 10.1.2. Managing credit and credit-related accounts or facilities;
 - 10.1.3. Recovering debt;
 - 10.1.4. Checking details on proposals and claims for all types of insurance;
- 10.2. Detect and prevent crime, fraud and money laundering;
- 10.3. Check your credit history;
- 10.4. Verify your identity if you, or someone is financially linked with you, applies for services;

- 10.5. Trace your whereabouts, and
- 10.6. Undertake research, statistical analysis and systems testing.

If we need to make a credit decision when you apply for a service e.g. mortgage, personal loan, credit card or current account, or to review the amount of credit we provide under an existing agreement, such as an overdraft, your records will be searched along with those of anyone who is financially associated with you, such as your spouse or partner.

The CRA will keep a record of this search and place a “footprint” on your credit file, whether or not the application proceeds.

When we receive an application from a business, we will perform a search with a CRA on the individual company directors or partners and any associated guarantors.

We will also provide details of your account and how you conduct it to CRAs, including if you borrow money, and do not repay the agreed amount of money in full and on time back to the Bank. If you fall behind with your agreed payments and a full payment or satisfactory proposal is not received within 28 days of a formal demand being issued, then a default notice will be recorded with the CRAs.

Similar information will also be given about your other lending/credit relationships with us. Any records shared with CRAs will remain on file for six years after your account is closed, whether it has been settled by you or as a result of a default. Other organisations will see these searches and updates if you apply for credit in the future, and may affect your ability to borrow from other lenders.

If you apply for or hold an account in joint names, or tell us you have a spouse or financial associate, a financial association will be created between your records, including any previous and subsequent names used by you.

This means your financial affairs may be treated as affecting each other. These links will remain on your files until such a time as you or your partner is successful in applying for a disassociation with the CRAs to break the link. You must ensure you have their agreement to disclose information about them. Searches will be made on all joint applicants, and search footprints will be left on all applicants’ records.

You have a right to apply to the CRAs for a copy of your file. We carry out most of our credit searches using Experian, but details of how you manage your account(s) will be disclosed to all CRAs. The information they hold may not be the same and there is a small fee you will need to pay to each agency you apply to.

You can find out more about the CRAs and the Credit Reference Agency Privacy Notice (CRAIN) on the websites below. The CRAIN includes details about:

- Who the credit reference agencies are

11. How we use Fraud Prevention Agencies

We have systems which protect our customers and ourselves against fraud and other crime. Customer information can be used to prevent crime and trace those responsible. We will share your personal information from your application with Fraud Prevention Agencies. If false or inaccurate information is provided and fraud is identified, details of this fraud will be passed to these agencies.

Law enforcement agencies may also access and use this information to prevent fraud and money laundering, for example, when:

- 11.1. Checking details on applications for credit and credit related or other facilities;
- 11.2. Managing credit and credit related accounts or facilities;
- 11.3. Recovering debt;
- 11.4. Checking details on proposals and claims for all types of insurance.

We and other organisations will access and use the information recorded by fraud prevention agencies from other countries.

Fraud prevention agencies can hold your personal data for different periods of time, and if you are considered to pose a fraud or money laundering risk, your data can be held for up to six years.

If we, or a fraud prevention agency, determine that you pose a fraud or money laundering risk, we may refuse to provide the services and financing you have requested, or to employ you, or we may stop providing existing services to you.

A record of any fraud or money laundering risk will be retained by the fraud prevention agencies, and may result in others refusing to provide services, financing or employment to you.

If you want to receive details of the fraud prevention agencies from whom we obtain and with whom we record information about you, contact us at:

12. How we manage information collected on your bank account, mortgage account and credit card statements

Transactions which you or a joint account or card holder makes will create personal information that will appear on your statement. By making such transactions you give us your consent to process this information.

13. Individual Rights

Right to be informed – you have the right to be informed about what we do with the data we have about you.

Right to access – you have the right to access personal data and supplementary information that is held about you by the Bank.

Right to rectification – you are entitled to have your personal data rectified if it is inaccurate or incomplete.

Right to erasure – you have the right to request the removal or deletion of your personal data (also known as “right to be forgotten”), where there is no compelling reason for the Bank to continue processing this data. The Bank can refuse your request where there is a legal obligation to hold the information. This will be further explained to you upon making a request.

Right to restrict processing – you have the right to restrict the processing of your personal data in the following circumstances (i) where you contest the accuracy of the personal data. The Bank will restrict the processing until you have verified the accuracy of the personal data (ii) where you have objected to the processing, and until the Bank has considered the legitimate grounds to override the processing. (iii) when processing is unlawful (iv) where the Bank no longer needs the personal data but you require the data to establish, exercise or defend a legal claim.

Right to data portability – this right allows you to move copy or transfer your personal data easily from one IT environment to another in a safe and secure way, without hindrance to usability.

Right to object – you have the right to object to processing for direct marketing (including profiling) purposes. The Bank can refuse this right where there is a legitimate interest for processing your personal data. This will be further explained to you upon making a request.

Rights related to automated decision making including profiling – you have the right to object to automated decision making without any human involvement, and to the profiling of your personal data. The Bank only carry out this type of processing where it is necessary to enter into a contract with us or where you have provided us with your consent, for example when applying for a loan or mortgage. To invoke your rights or manage your personal marketing preferences, please log in to your personal account online, alternatively call us on **03457 212 212** or call into your nearest branch.

14. Legitimate Interest Tests

As an essential part of our business, the Bank collects, holds and manages (“processes”) data relating to our customers. The data protection regulation recognises in certain circumstances, processing may be deemed “necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection”.

To validate a specific purpose for data processing is indeed legitimate; the Bank will conduct a legitimate interests test. This will serve to balance our rights to process the data against the data protection rights of the affected individuals.

In making the decision whether or not legitimate interests may apply in each circumstance, we will ensure the balance of rights always favours the individual customer, and the processing will not cause the individual unwarranted harm by means of discrimination, damage to reputation, financial loss, and loss of confidentiality or other significant economic or social disadvantage.

15. Using companies to process your information outside of the EEA

All countries in the European Economic Area (EEA), which includes the UK, have similar standards of legal protection for your personal information. We will process payments through other financial institutions such as banks and the worldwide payments system operated by the SWIFT organisation if, for example, you make a CHAPS payment or a foreign payment. Those external organisations may process and store your personal information abroad and may have to disclose it to foreign authorities to help them in their fight against crime and terrorism. If these are based outside of the EEA, your personal information may not be protected to standards similar to those in the UK.

16. How we may contact you

Using your personal information to contact you about products and services

If you have given us permission, we may contact you for marketing purposes, by mail, telephone, email or text message about products and services available from us. In addition, we may also contact you about products and services from other selected companies, which we believe will be of interest to you or benefit you financially. You have the right to withdraw, object to, or change your marketing preferences at any time, online via your personal account, calling us on 03457 212 212 or by visiting your nearest branch.

We promise not to contact you about everything – only if we think it could be appropriate and relevant to you, such as preferential savings opportunities, account upgrades or special offers. This contact may continue after your relationship with us ends.

Passing your information to other companies for their own direct marketing

Unless you have given us your permission, we will not contact you on behalf of third parties, or pass your details onto them directly.

Using your email address for service contact

Making sure we deliver excellent customer service is very important to us, and to do this various methods of communication will be used when sending you information about your account. Most of the time you will be contacted by letter or telephone, but you will also be sent updates by text message or email when it is deemed to be appropriate.

17. When you apply for and use our products and services

Using credit scoring

When you apply for credit, an automated system known as credit scoring will be used when considering whether to agree the borrowing. It is a method of assessing your likely conduct of an account based on a range of data, including the conduct of previous similar accounts. It is a system widely used by credit providers to help make fair and informed decisions on lending.

Credit scoring takes account of information from three sources; the information you provide on your application, information provided by CRAs and information which may already be held about you by us e.g. existing account information. A credit scoring system will consider information from these sources, to make an overall assessment of your application. The credit scoring methods used are regularly tested to ensure they remain fair, effective and unbiased. Using a credit scoring system helps us to lend responsibly. If you submit an application and it is declined through this automated process, you can contact us within 21 days to have the decision reconsidered. You also have the right to ask that the decision is not made based solely using an automated credit scoring system.

How we check your identity

We will ask you to provide physical forms of identity verification when you open your account. Additionally, we will search CRA files in assessing your application. The CRA also gives us other details and information from the Electoral Register to verify your identity. The CRA keeps a record of our search, whether or not your application proceeds. Our search in this instance is not seen or used by the Bank to assess your ability to obtain credit.

Undertaking anti-money laundering and fraud checks

To comply with money laundering requirements, there are times when we will need to confirm (or reconfirm) the name and address of our customers.

As part of the processing of your personal data, decisions may be made by automated means. This means we may automatically decide that you pose a fraud or money laundering risk if:

- Our processing reveals your behaviour to be consistent with that of known fraudsters or money launderers; or is inconsistent with your previous submissions; or
- You appear to have deliberately hidden your true identity.

Obtaining information about you and other personal details

When you apply for a mortgage or further borrowing it will be necessary to obtain references, details of your existing financial commitments, and any other information required to assess or review lending risks, to recover debts, and to prevent or detect fraud. Where applicable, your current and previous employers, accountant, landlord, lender, bank, insurance or pension company will be contacted to obtain this information. In limited circumstances these references may need to be obtained after you open your account. This may be for regulatory purposes, or if the lending decision needs to be reviewed. Your permission to obtain these references will therefore continue to apply after your account has been opened. It will also be necessary to obtain information or documentation from your solicitor relating to any work they carry out either on your or our behalf.

Recording phone calls

We will monitor or record phone calls with you in case we need to check we have carried out your instructions correctly, to resolve queries or issues, for regulatory purposes, to help improve our quality of service, and to help detect or prevent fraud or other crimes.

Conversations will also be monitored for staff training purposes.

We also use interactive voice response technology to help us manage your account and provide you with services you require.

Using information on social networking sites

As part of our ongoing commitment to understanding our customers better and to improve our services, we will research comments and opinions made public on social networking sites such as Twitter and Facebook.

Obtaining a copy of your information

Under data protection law, you have the right to access the personal information we hold about you. Additionally, you have the right to restrict and object to certain data processing.

To request access to the information, and/or to inform us about a data restriction or objection, please write to (please ensure the request is signed to allow us to verify your identity):

You can also send us a secure message through your accounts section online, alternatively call us on 03457 212 212 or call in to your nearest branch.

18. Your right to rectify and erase data we hold about you

It is important the information we hold about you is accurate and up to date at all times, as holding incorrect information can have an impact on what the Bank shares with third parties such as the CRAs, taxation authorities and fraud prevention authorities.

If you believe we are holding any information relating to you which is incorrect please contact us to let us know what is wrong, and we will work with you to put it right.

19. How we protect your information

We are committed to taking appropriate technical, physical and organisational measures to protect customer and colleague personal information against unauthorised access, unlawful processing, accidental loss or damage, and unauthorised destruction.

We use secure servers to enable you to make enquiries or access your account information, which encrypts your information before it is sent to us. We also take appropriate measures to ensure the information disclosed to us is kept secure, accurate and up-to-date and kept only for as long as necessary for the purposes which it is used.

We limit access to our internal systems which hold personal information to a selected group of authorised users who are given access to such systems through the use of a unique identifier and password. Access to personal information is limited to and provided to individuals for the purpose of performing their work duties.
