Overdrafts

We offer two types of overdraft: arranged and unarranged. Please note that overdrafts are not available on Linked Savings Accounts.

We may request repayment of part or all of an overdraft at any time and/or reduce any overdraft limit at any time, but we will usually give you advance notice.

Arranged overdraft – This is an overdraft we agree in advance. We'll confirm the terms of your overdraft in writing.

Unarranged overdraft – This is agreed when we allow a payment or take an amount out of your account despite having a lack of funds in your account (or under an arranged overdraft) to cover the payment in full.

You will usually pay debit interest in return for making use of overdraft facilities. You can find the details for your account in the table overleaf.

Any type of borrowing shows up on your credit file. However, an unarranged overdraft can negatively impact your credit file and may make it harder for you to obtain credit in the future.

Overdraft charges cap

We are committed to charging you fairly for our products and services and helping you to stay in control and manage your money. We have a cap on interest for any type of overdraft (arranged or unarranged) in one charging period. We have set this at £60. This means that the most you will ever pay for using an overdraft per charging period is £60. We explain more about how this works in the table overleaf.

Financial difficulties

Should you be experiencing financial difficulties and be unable to keep up with bill payments or your income falls, we would recommend that you contact us as early as possible. We will be happy to discuss your needs and to help you understand what options might be available to you. You can get further information by calling

Monthly cap on unarranged overdraft charges	<p>The monthly cap on unarranged overdraft charges for your current account is £60.</p> <ol style="list-style-type: none"> Each current account will set a monthly maximum charge for: <ol style="list-style-type: none"> going overdrawn when you have not arranged an overdraft; or going over/past your arranged overdraft limit (if you have one). This cap covers any: <ol style="list-style-type: none"> interest and fees for going over/past your arranged overdraft limit; fees for each payment your bank allows despite lack of funds; and fees for each payment your bank refuses due to lack of funds. <p>This is a standard definition to allow you to compare unarranged overdraft charges across different providers but in practice, we don't actually charge fees for allowing, or refusing a payment where you have a lack of funds.</p> <p>The monthly cap refers to the interest applied in a charging period, not a calendar month. We explain what we mean by this below.</p>
Overdraft charges cap	<p>We have a cap on interest for any type of overdraft (arranged or unarranged) in one charging period. We have set this at £60. Charging period	<p>Unless we tell you otherwise on your statement, the charging period used for interest, commission and charges is the fifth day of the first month of the charging period to the fourth day of the next month. Please note, when these dates do not fall on Business Days the charging period will begin or end, as applicable, on the next Business Day. Please check your statements for details of any interest or charges that may be applicable.</p>
