Open an account

To open an account you must be a UK resident aged 18 or over.

Please note: This account can only be opened as a sole account.

You can open an account:

- online
- in branch
- by post.

How much can I deposit?

The minimum deposit is £5,000, but if you're transferring in previous tax years' ISA allowances only – then the minimum deposit is just £1.

The maximum deposit if you are using your annual ISA allowance is £20,000 per tax year. But if you're transferring in ISAs from previous tax years' ISA allowances, the maximum balance is £1,000,000.

The maximum account balance is £1,000,000.

You've got 30 calendar days from when we open your account to pay in the minimum deposit. You can do this in one lump sum or through multiple payments up to the maximum amounts above. If after 30 calendar days you haven't met the minimum deposit, we'll close the account and return any funds to you.

No further deposits are allowed after 30 calendar days from account opening.

How do I pay into this account?

If you're using your annual ISA allowance - You can pay your initial deposit(s) into this account by cash, cheque or transfer from another account held with us or another provider. You can also pay cheques in at the Post Office®.

If you're transferring an existing cash ISA you have (with us or elsewhere) to this account - you can do this by providing us with a completed Cash ISA Transfer Authority Form. You'll receive the form with your welcome letter so just complete it, return it to us and we'll arrange the transfer on your behalf.

You must not withdraw the funds yourself to transfer to this account as they will lose their tax-free* status.

How do I manage this account and get in contact?

You can contact us, and manage the account:

- online
- over the phone
- in branch
- by post.

Can I withdraw money?

Yes – However, if you withdraw before your maturity date, you'll need to pay an interest charge on the amount you withdraw, using the account's interest rate. This charge depends on the term of the product (see below) and will be taken from interest you've earned but hasn't been paid. If you haven't earned enough interest to cover this charge, some of it will come out of your original deposit(s)

Interest Charge amount by term

Term	Interest Charge
1 year Fixed Rate Cash ISA	Equivalent to 90 days' interest
2 year Fixed Rate Cash ISA	Equivalent to 120 days' interest

Any money that you withdraw from your ISA will lose its tax-free* status and, if repaid back into an ISA, it will count towards your current tax year's^ ISA allowance.

So, for example, if you have deposited £10,000 and then withdraw £1,000, you will only be able to deposit a further £10,000 in that tax year^.

You can withdraw money:

- in branch
- by telephone banking
- by requesting a bankers cheque - there is a charge for this.

At the end of the fixed term, your account matures and your money will be put into a variable rate instant access cash ISA - unless you provide us with other maturity instructions.

We'll send you a letter before your maturity, to remind you of your maturity date and to let you know what options are available to you (such as re-investing or withdrawing).

On maturity, you can access your money in branch, over the phone, by post, through online banking and through our mobile app if registered.

Additional information

This is a limited issue product and may be withdrawn without notice at any time.

If you are or have previously been made bankrupt, you are eligible to apply.

^Tax year runs from 6 April to 5 April.

†Business Day is usually Monday to Friday excluding bank holidays.

What else do I need to know?

The following sections contain important general information about ISAs that you should also read alongside the product information, before applying for a cash ISA with us.

To save in a cash ISA you must be aged 18 or over and be resident in the UK.

You cannot pay into a cash ISA with us if you have already paid in the full annual ISA allowance in this tax year.

What is an ISA?

Individual Savings Accounts (ISAs) were introduced by the government to encourage more people to save for the future. To help with this, ISAs are tax efficient, making them a very effective way to make your money grow. This favourable tax treatment depends on the individual's circumstances and may be subject to change in the future. There are different types of ISA - cash ISAs, stocks and shares ISAs, innovative finance ISAs and a Lifetime ISA.

Cash ISA

This allows you to save money in a deposit-based savings account.

Stocks and shares ISA

This allows you to put money into a stock market-based investment, such as unit trusts, for the potential of greater returns. However, the value of investments in stocks and shares ISAs and the income from them may fall as well as rise and is not guaranteed; you may lose part or all of your investment.

Innovative Finance ISA

Lenders can benefit from tax-free* interest courtesy of the innovative finance ISA (IFISA), which will cover loans arranged through peer-to-peer (P2P) platforms.

Lifetime ISA

The Lifetime ISA is available to people under the age of 40. Contributions of up to £4,000 can be made in each tax year and the government will then provide a 25% bonus on these contributions at the end of the tax year. The funds can be withdrawn from the age of 60, or before that for the purpose of purchasing a first home.

Please note, we do not offer stocks and shares ISAs, innovative finance ISAs or Lifetime ISAs.

How much can I save in an ISA?

The government limits the amount you can save and invest in ISAs each tax year[^] (6 April to 5 April the following year).

The annual ISA allowance is £20,000 and you can save any part of, or your whole ISA allowance, in a cash ISA, a Stocks and Shares ISA, an Innovative Finance ISA and a Lifetime ISA or any combination of the four. The following chart illustrates this :

Per tax year [^]	Cash ISA	Stocks and Shares ISA	Innovative Finance ISA	Lifetime ISA	Maximum total allowance
From 6 April to 5 April each tax year[^]	Up to £20,000 less whatever you deposit in a stocks and shares ISA, an innovative finance ISA and a Lifetime ISA.	Up to £20,000 less whatever you deposit in a cash ISA, an innovative finance ISA and a Lifetime ISA.	Up to £20,000 less whatever you deposit in a cash ISA, stocks and shares ISA and a Lifetime ISA.	Up to £4,000. Contributions to a Lifetime ISA count toward the overall £20,000 ISA contribution limit.	Up to £20,000.

Please note once you have paid in your full annual ISA allowance for the tax year[^], you can't make any further payments into an ISA of any type until the next tax year[^], regardless of any withdrawals you might make.

If you pay into a cash ISA, you will be subscribing to a cash ISA for the current tax year[^] and you will be limiting the amount of tax-efficient savings you can make in a stocks and shares ISA, innovative finance ISA and a Lifetime ISA. Where you do not use your full ISA allowance within a tax year[^], it cannot be carried forward into the next tax year[^].

If you do not place any money in your account during a tax year[^], you will need to contact us to make a new declaration should you wish to make a deposit in the following tax year[^].

Any reference to tax is based on our understanding of current tax regulations which may change in the future and depends on your individual financial circumstances.

What if my contributions exceed the ISA limits in any tax year[^]?

If you put too much into your Fixed Rate Cash ISA with us, we'll return the money to you. How long this takes will depend on how you put it in:

- from another Co-operative Bank account, you'll have the money back the next day
- via electronic transfer from another bank, you'll have the money back about four Business Days[^] later
- by cheque, we'll have to wait for a cheque to clear before we send you the money back.

Can I transfer my ISA?

You may transfer a cash ISA into a stocks and shares ISA or an innovative finance ISA.

Some ISA providers may also offer the facility to transfer in any money you have in a stocks and shares ISA or an innovative finance ISA to a cash ISA; we do not currently offer these type of transfers.

- **Transferring in** – The easiest way to transfer an existing cash ISA you have (with us or elsewhere) to your Fixed Rate Cash ISA is to complete the Cash ISA Transfer Authority Form enclosed with your welcome letter. Alternatively, you can contact us in branch or on the phone:
 - You will have 30 calendar days from the date when we open your account to transfer your existing cash ISA to your Fixed Rate Cash ISA. Your welcome letter will confirm the date that all funds need to be received, you can also check the date by contacting us in branch or on the phone.
 - Your cash ISA with your existing provider may have restrictions relating to ISA transfers out and you may wish to check this before requesting a transfer to us.
 - You will not lose the tax benefits provided you first open a Fixed Rate Cash ISA with us. **You must not withdraw the funds yourself to transfer to us as they will lose their tax-free^{*} status.**

If you're transferring the current tax year[^]'s ISA allowance, you must transfer all of the subscription you have already made for the current tax year[^]. The minimum deposit for this is £5,000. You can, however, open a new Fixed Rate Cash ISA with us by transferring previous tax years[^] subscriptions of any amount so long as it doesn't contain the current tax year[^] subscription.

- **Transferring out** – You can transfer part or all of your Fixed Rate Cash ISA to another provider at any time. Fixed Rate Cash ISAs have restrictions which means you will incur a charge or loss of interest.
You will not lose the tax benefits provided you first open a cash ISA with another provider. Your new provider should then be asked to contact us to arrange the transfer. **You must not withdraw the funds yourself to transfer as they will lose their tax-free^{*} status.**

What about tax?

- Any interest on money saved in a cash ISA is paid tax-free^{*}, which means completely free of UK income tax, provided all ISA conditions are met.

What if I open a Fixed Rate Cash ISA, then change my mind?

- You have a right to cancel your ISA, without giving any reason, for 14 calendar days from the date the account is opened or upon receipt of your welcome letter, whichever is later.
- It's important that you notify us if you change your mind, and don't simply close your account. If you close your account without notifying us that you have changed your mind, any money that you withdraw from your ISA will lose its tax-free^{*} status, and, if repaid back into an ISA, it will count towards your current tax year[^]'s ISA allowance.
- When you cancel your account we'll help you switch to another of our accounts, transfer your ISA to another provider or give you your money back, as you wish.
- You can cancel by writing to us at ISA Team, The Co-operative Bank, PO Box 4931, SWINDON SN4 4PL, by calling **03457 212 212**[^] or by visiting a Co-operative Bank branch.
